About Cleaned

At CLEANED, we believe that home maintenance is not just about fixing the problem. It's about providing lasting solutions to create a better living environment for our customers.

Emelito noticed a gap in the market for high-quality, reliable maintenance services in Dubai. After providing great service to a few customers in Dubai, things changed. Their satisfaction with his work and word-of-mouth recommendations made more and more people want to know more about the services. This led to a business startup, and he started CLEANED - a visionary maintenance company built on expertise, innovation, and a passion for raising the standard of service in Dubai.

Therefore, Lito started a journey to establish a new standard in the home maintenance industry. His goal was to redefine what quality means in Dubai's home maintenance market.

15 Years + of Experience

Vision & Mission

Vision

To be the leading one-stop solution for comprehensive cleaning, maintenance, and technical services, recognized for transforming the standards of cleanliness, efficiency, and safety. Our vision is to redefine how people experience cleanliness and home maintenance by setting benchmarks in service quality, sustainability, and customer care across residential and commercial spaces.

Mission

At Cleaned, our mission is to deliver exceptional cleaning, maintenance, and technical services that ensure safe, healthy, and well-maintained environments for our clients. By combining expert knowledge in cleaning, AC servicing, electrical, plumbing and more, we aim to exceed expectations through innovative, ecofriendly practices and superior customer service. We are dedicated to transforming homes, businesses, and commercial spaces into pristine and functional environments.

- ✓ AC Cleaning & Repair
- ✓ Coil & Duct Cleaning
- ✓ Electrical Services
- ✓ Plumbing Services
- ✓ Painting, Wall & Floor Work
- ✓ Handyman Services
- ✓ Water Tank Cleaning
- ✓ Window Cleaning Service

How We Work

Initial Consultation: We begin by understanding your cleaning and maintenance needs, whether it's AC servicing plumbing, electrical work, or deep cleaning. Our team will listen to your concerns and assess the property, tailoring a plan to your specific requirements.

On-Site Inspection: Our specialists conduct a thorough on-site inspection to evaluate the condition of your space and systems, identifying areas that need special attention. This enables us to provide accurate quotes and solutions for cleaning, repairs, or maintenance.

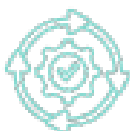

Tailored Service Plan: Based on our inspection, we develop a custom plan outlining the necessary services, from AC repair and duct cleaning to plumbing fixes and painting. The plan includes the timeline, techniques, and eco-friendly products we'll use to ensure a pristine and safe space.

Professional Execution: Our team of experts whether cleaners, technicians or handymen—arrives fully equipped to carry out the agreed upon services efficiently and thoroughly. We handle everything from window cleaning and floor work to electrical repairs and water tank sanitation.

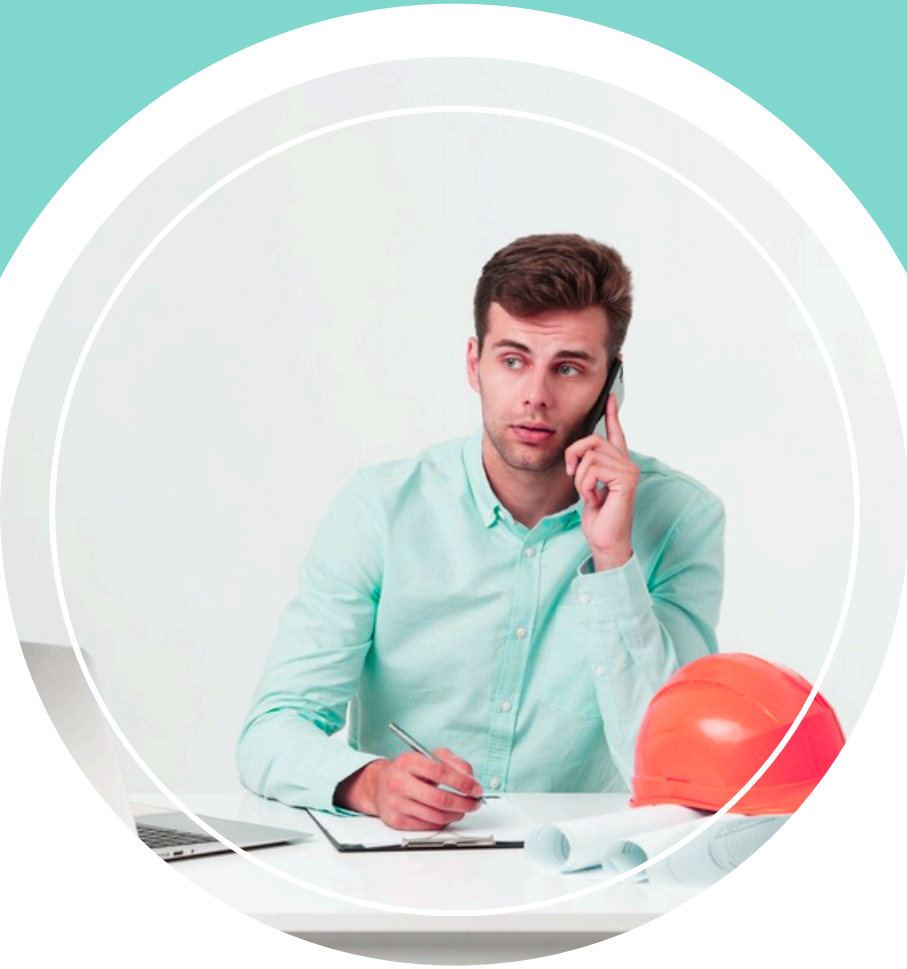

Quality Assurance: At CLEANED, we make sure every job is done with care and attention to detail. Our team follows strict quality checks to ensure you get reliable, safe, and long-lasting results every time. Your satisfaction is our top priority.

Ongoing Support and Maintenance: We don't just finish the job and leave, we stay with you. CLEANED provides continuous support and regular maintenance to keep your home and systems running perfectly all year round.
